DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 17, 2008 has been entered. Claims 26-35 are pending.

Response to Amendment

2. The rejection of claims 26-35 under 35 U.S.C. 103(a) has been withdrawn in view of Applicant's amendment.

Response to Arguments

3. Applicant's arguments have been fully considered and are persuasive. The rejection of the claims has been withdrawn as noted above.

Allowable Subject Matter

4. Claims 26-35 are allowed.

5. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or reasonably suggest, in the combination and in such manner as recited in independent claim 26, writing a trace record stored in a circular trace history buffer to a log file as a logged trace record if a trace level associated therewith is greater than a predetermined threshold value, and writing each remaining trace record stored in the

circular trace history buffer to the log file if (i) at least one of the trace records is written to the log file as the logged trace record and (ii) a trap value specific to a process from a plurality of processes in monitored program activity is detected within the logged trace record, such as reflected in Applicant's arguments (see Applicant's remarks, pages 5-7).

6. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Yigdall whose telephone number is 571-272-3707. The examiner can normally be reached on Monday to Friday from 8:00 AM to 4:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tuan Q. Dam can be reached on 571-272-3695. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
